

Title	How to Reset Your RepairSolutions2 Password						
Tool #	1000	Creator	David G.	Created/Update Date		T/N #	23-1000-004
Description:							

Step 1: Log Out of Your Account and Select "Forgot password?" from the Account Login

- If you're logged in, make sure to log out of your RepairSolutions2 account.
- On the Account Login page, look for the "Forgot password?" link below the Password field. Click on it.

Step 2: Enter Your Email Address to Reset Your Password

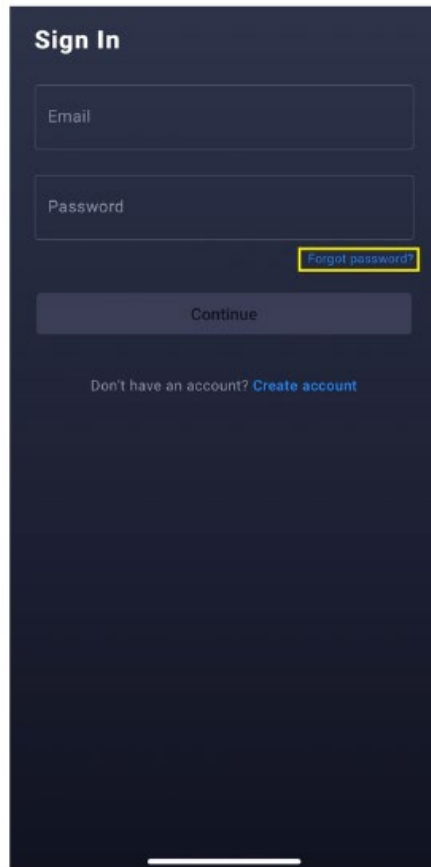

- A page will open where you need to enter the email address associated with your RepairSolutions2 account into the Email field.
- After entering your email address, click on the "Send Instructions" button.

Step 3: Check Your Email for Password Reset Instructions

- You will see a confirmation message indicating that an email has been sent to your email address.
- Open your email inbox and look for an email from RepairSolutions2. This email will contain instructions on how to reset your password.

Step 4: Follow the Instructions in the Email

- Open the email from RepairSolutions2 and follow the instructions provided.
- Typically, the email will contain a link that you need to click on to proceed with the password reset process.
- Clicking on the link will take you to a page where you can set a new password for your RepairSolutions2 account.

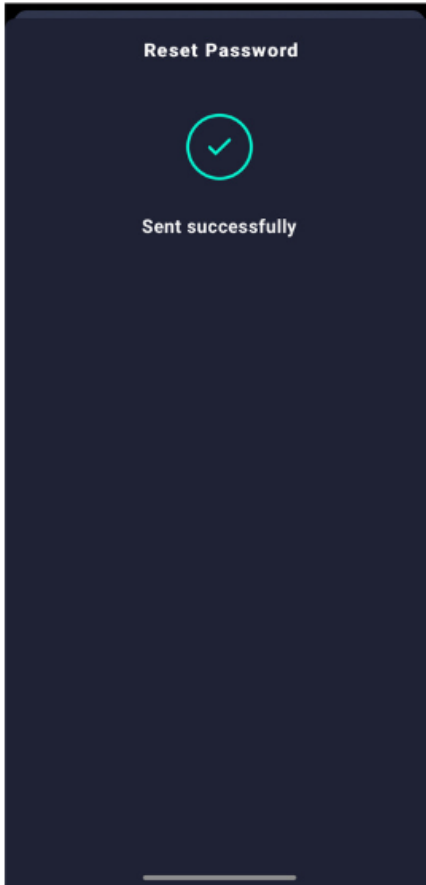

The image shows a dark-themed 'Sign In' form. It has two input fields: 'Email' and 'Password'. Below the 'Password' field is a link that says 'Forgot password?'. Below the link is a 'Continue' button. At the bottom of the form, there is a text link: 'Don't have an account? [Create account](#)'. The form is set against a dark blue background.

Step 5: Set a New Password

- On the password reset page, enter a new password into the provided fields. You'll likely need to enter the new password twice to confirm it.
- Make sure your new password is secure and something you can remember, but not easily guessable.
- After entering the new password, save the changes.

Step 6: Log In with Your New Password

- Once you've successfully set your new password, go back to the RepairSolutions2 login page.
- Enter your email address and your newly created password in the respective fields.
- Click on the "Login" button to access your RepairSolutions2 account with the updated password.

By following these steps, you should be able to reset your password for RepairSolutions2 and regain access to your account. If you encounter any issues during the process, you can refer to the instructions provided in the email or contact RepairSolutions2 customer support for assistance.
